

Search for a Contact with Datahug

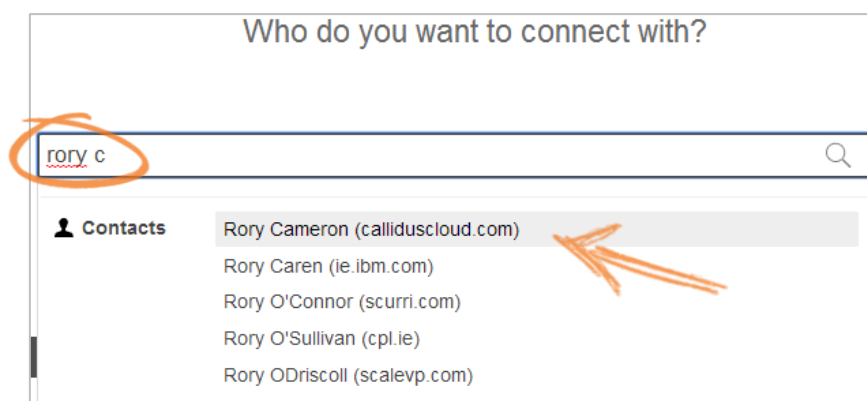

Datahug provides you with a single view of all the B2B relationships that exist within your organization. You can easily search for a target or existing contact in your network.

Search for a Contact

To search for a company simply start typing the company name into the Datahug Search box.

Hint Type the company name in slowly and select it from the dropdown list generated from the companies in your network.

Datahug will return all the connections you have with that contact. It will also show you which Colleagues are connected and the strength of all these relationships.
