

## Search for a Company with Datahug

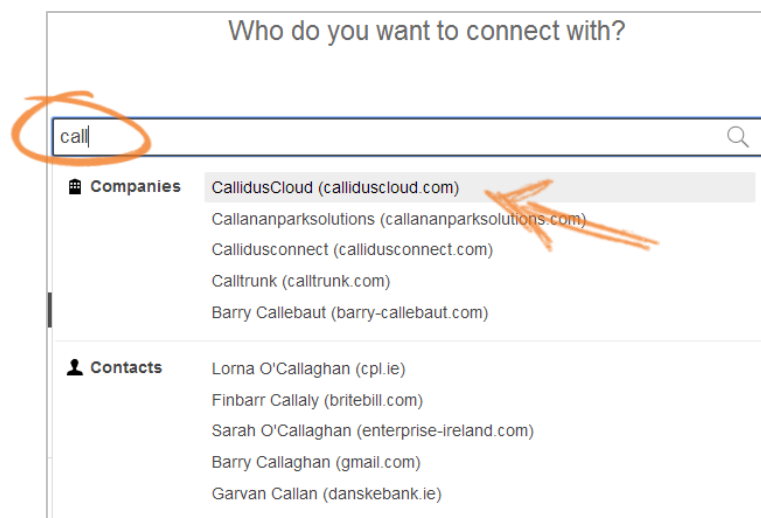

Datahug provides you with a single view of all the B2B relationships that exist within your organization. You can easily search for a target or existing company in your network.

### Search for a Company

To search for a company simply start typing the company name into the Datahug Search box.

**\*Hint\*** Type the company name in slowly and select it from the dropdown list generated from the companies in your network.

Datahug will return all the connections you have with that company. It will also show you which Colleagues are connected and the strength of all these relationships.
